

SUBSTANCE ABUSE & FITNESS FOR DUTY POLICY STATEMENT

POLICY STATEMENT

Limen recognizes that employees who use or are impaired by drugs or alcohol while performing work endanger not only themselves, but their co-workers and others affected by the work. Limen's policy regarding such conduct is one of zero tolerance and employees must be aware that any violations they commit may result in disciplinary action up to and including termination.

However, Limen also recognizes that addiction to drugs or alcohol is a serious health problem. The intent of this Policy is to accomplish the health and safety goal in a manner that is fair, humane, and consistent with employees' accommodation rights under discrimination laws. The ultimate goal is not to punish but help employees identify and get help for their substance abuse issues so that they can return to work healthy, safe, happy and productive.

PURPOSE

The objective of this substance abuse policy is to ensure that all employees report to work fit for duty. Adopting this Policy is a reasonable precaution that Limen is required to take to protect the health and safety of workers under Section 25(2)(h) of the Ontario Occupational Health and Safety Act (OHS Act).

- **Union Employees** - This Policy applies to both union and non-union employees but is not intended to supersede or circumvent the provisions of any current collective agreement that Limen has negotiated with an employee's union. In the event of a conflict between this Policy and a collective agreement, the latter shall control.
- **Contractor Employees** - This Policy applies to individuals employed by contractors and subcontractors that perform work at Limen facilities and jobsites but is not intended to supersede or circumvent the provisions of any current collective agreements that those contractors or subcontractors have negotiated with their own workers and their unions. In the event of a conflict between this Policy and a contractor employment agreement or collective agreement covering the worker, the latter shall control.
